Blade Change

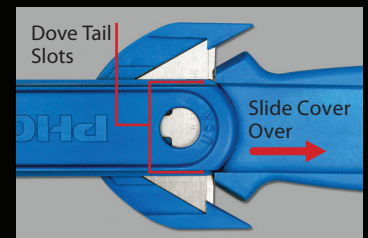

While pressing down on the tape splitter tab of the handle with one hand, place the thumb of your other hand on the "thumb grip area" of the EZ2+.

Slide the cover of the EZ2+ over with your thumb and completely remove it from the handle.

Remove used blade (dispose of safely), and place a new blade into cutter.

Re-insert cover and slide closed until it locks.

Use only S Series replacement blades:
SP-O17, SPD-O17
or PBDSP017B
